

Cell phone towers are going up every few hundred feet **in our neighborhoods, schools, and parks** all over the city of Tucson.

# Stop the Towers!

---

- **Public Safety**- Threatens natural habitats, ecology, agriculture. Pulse-modulated microwave radiation harms people, animals, plants, and insects, Including pollinators
  - **Property Values**- 20% or more decrease in property values
  - **Privacy**- Personal data is being harvested and sold to 3rd parties
- 

**Our city is not doing nearly enough to protect public safety, privacy, and property values!**

**Please support our wireless telecom ordinance written by/for informed Tucson residents!**
